THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 726/2004 of the European Parliament and of the Council of 31 March 2004 laying down Community procedures for the authorisation and supervision of medicinal products for human and veterinary use and establishing a European Medicines Agency[1], and in particular Article 10(2) thereof,

Having regard to the application submitted by CSL Behring GmbH, on 9 March 2021, under Article 14(2) of Regulation (EC) No 726/2004 with a view to the renewal of the marketing authorisation for the medicinal product "AFSTYLA - lonoctocog alfa",

Having regard to the opinion of the European Medicines Agency, formulated on 24 June 2021 by the Committee for Medicinal Products for Human Use,

Whereas:

(1) On the basis of a re-evaluation by the Agency of the risk-benefit balance following the consideration of a consolidated file, it appears that the medicinal product "AFSTYLA - lonoctocog alfa", entered in the Union Register of Medicinal Products under number EU/1/16/1158 and authorised by Commission Decision C(2017)44(final) of 4 January 2017, complies with the requirements set out in Directive 2001/83/EC of the European Parliament and of the Council of 6 November 2001 on the Community code relating to medicinal products for human use[2].

(2) The marketing authorisation which expires on 6 January 2022 should therefore be renewed.

(3) Decision C(2017)44(final) should therefore be amended accordingly. The Union Register of Medicinal Products should also be updated.

(4) For the sake of clarity and transparency, it is appropriate, following the amendment of part or parts of the Annexes, to provide for a consolidated version thereof. The Annexes to Decision C(2017)44(final) should therefore be replaced.

(5) The measures provided for in this Decision are in accordance with the opinion of the Standing Committee on Medicinal Products for Human Use,
