Having regard to Directive 2001/83/EC of the European Parliament and of the Council of 6 November 2001 on the Community code relating to medicinal products for human use[2], and in particular Article 61(3) thereof,

Having regard to the changes to the terms of the decision granting the marketing authorisation requested by Eli Lilly Nederland B.V. in accordance with Article 61(3) of Directive 2001/83/EC,

Having regard to the opinion of the European Medicines Agency, formulated on 24 September 2015 by the Committee for Medicinal Products for Human Use on the periodic safety update report for this medicinal product,

Whereas:

(1) The placing on the market of the medicinal product "Alimta - pemetrexed" was authorised by Commission Decision C(2004)3580 of 20 September 2004.

(2) The marketing authorisation holder submitted a periodic safety update report for this medicinal product. This report was assessed by the Pharmacovigilance Risk Assessment Committee as to whether the marketing authorisation concerned should be maintained, varied, suspended or withdrawn.

(3) The scientific assessment performed by the Committee for Medicinal Products for Human Use, the conclusions of which are set out in Annex IV to this Decision, shows that a decision should be taken amending the marketing authorisation for the medicinal product concerned.

[2] OJ L 311, 28.11.2001, p. 67.
