THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 726/2004 of the European Parliament and of the Council of 31 March 2004 laying down Community procedures for the authorisation and supervision of medicinal products for human and veterinary use and establishing a European Medicines Agency<sup>1</sup>,

Having regard to Commission Regulation (EC) No 2141/96 of 7 November 1996 concerning the examination of an application for the transfer of a marketing authorisation for a medicinal product falling within the scope of Council Regulation (EEC) No 2309/93<sup>2</sup>, and in particular Article 6 thereof,

Having regard to the application submitted by Eisai Limited on 23 August 2018 under Article 3 of Regulation (EC) No 2141/96,

Having regard to the opinion of the European Medicines Agency, formulated on 30 August 2018 on the transfer of a marketing authorisation,

Whereas:

- (1) The medicinal product "Targretin - bexarotene", entered in the Community register of medicinal products under the number EU/1/01/178 and authorised by Commission Decision C(2001)818 of 29 March 2001, remains in compliance with the requirements set out in Directive 2001/83/EC of the European Parliament and of the Council of 6 November 2001 on the Community code relating to medicinal products for human use<sup>3</sup>.
- (2) A change of holder of the marketing authorisation for which the transfer application is made is a change of an administrative nature, which does not affect the scientific characteristics of the medicinal product already authorised.
- (3) It is appropriate to set the date by which all the operations resulting from the transfer of the marketing authorisation must be completed.
- (4) The European Medicines Agency has given a favourable opinion.
